AND STUFFIN', TOO
Today I do not feel like work. I must have been too rash. On Thursday I ate too much turkey.

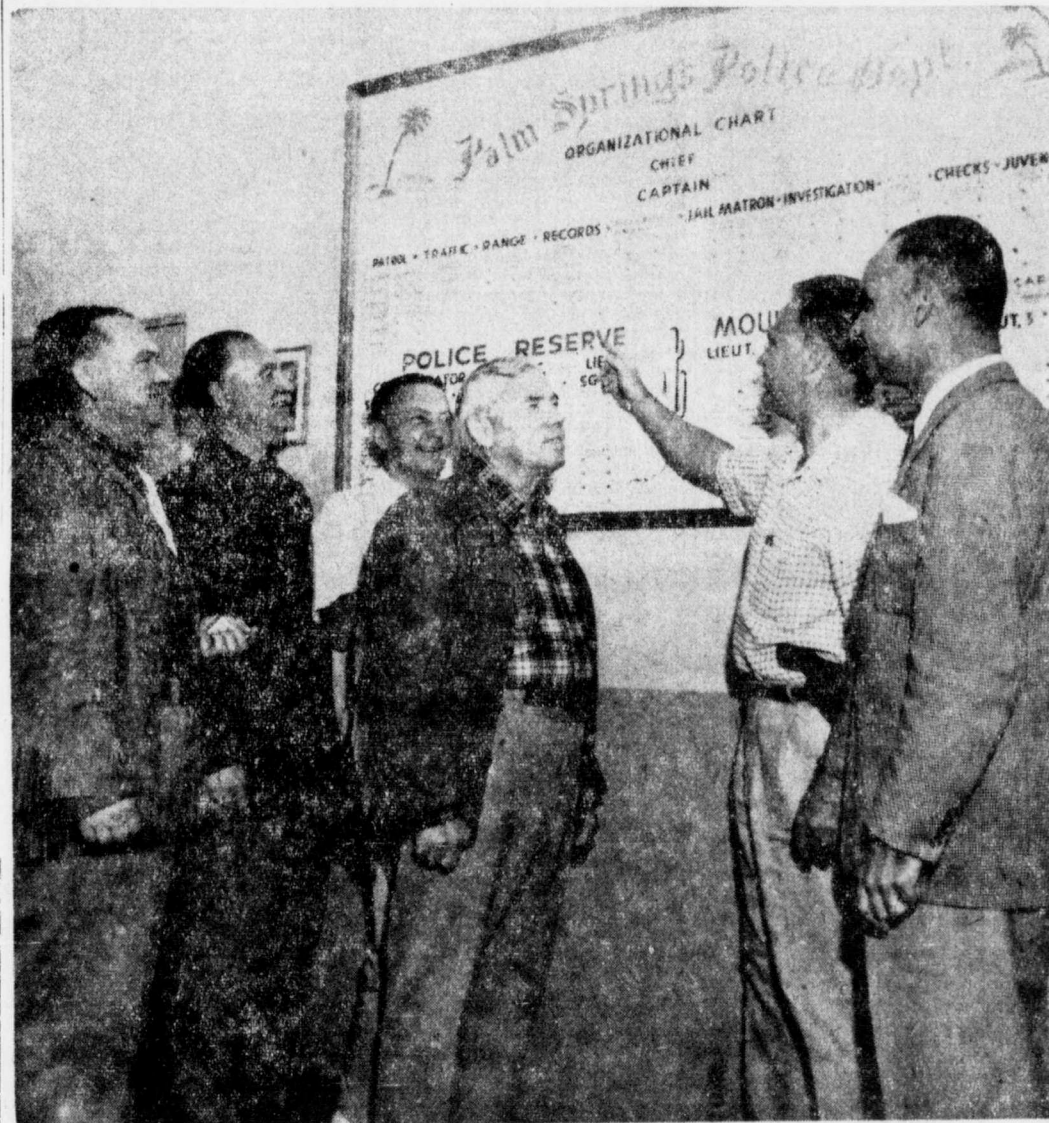

Tomorrow it gives hash.

And in between times, there was cold picking . . . But no complaint about that, either.

SO HERE I AM, back on the two-a-week basis . . . That will be a strain on the mental processes . . . But will serve to keep the index fingers on each hand supple and in shape—if the old Woodstock holds out . . . See where James Copp, writer of Sky-larking in the L.A. Times, comments on the proposal to change the weekends here from Saturday and Sunday to Wednesday and Thursday . . . So, taking advantage of the move, he says that while other people weekend here in midweek (to them) we Palm Springers do a switch and weekend (Saturday and Sunday) in Los Angeles . . . Out here we have an occasional cloud on the weekend—but no smog . . . So his proposition is rejected forthwith.

SPEAKING of switches—here's one on the husband who forgets to mail the letters his wife gives him in the morning . . . In this case, he DID mail them, but he's still in the dog house . . . Seems that a local wife was

FORM AERO SQUADRON—Checking over the organizational chart for the Palm Springs Police Aero Squadron, new reserve unit which provides the local force with one of the most complete law enforcement agencies in the state. This group is similar to the Reserve Police and Mounted Police, which have been in operation for several years. Organizing the new unit are (l. to r.) Percy Whiteside, R. W. Peterson, Herbert Burns, elected secretary, William J. Emig, first captain, Police Chief August G. Kettmann and Russell Rink.

Jammed City Marks Quiet Thanksgiving

Palm Springs was full up for the Thanksgiving Day holiday as scores of family parties drew many from the coast and points farther away to home here and a bright day attracted scores of others who came here to dine at hotels and cafes and roam around in the sun.

Traffic was heavy on the highways leading into the Village starting Wednesday night but not as heavy with out-going traffic Thursday night, indicating that many were remaining over for the weekend.

IT WAS A HOLIDAY crowd and police reported that it was extra quiet. Drunk cases were few and far between and only one minor one-car accident marred the day. Palm Canyon drive was filled with traffic from early morning on.

Many were heading for the desert resorts south and east of town and Highway 111 between the Village and Palm Desert was also jammed most of the day. Restaurants and hotels here reported a steady business throughout the day.

NIGHT CLUBS also reported a brisk business in the evening as those staying over came down from family parties and those here for the day, lingered late.

Schools, city and county offices, banks and financial institutions, most stores, were closed for the day. School Thanksgiving recess started Wednesday afternoon and will continue until Monday morning. Fire and police department staffs were maintained at beyond the usual number all day but there was not much for them to do.

Cash is Stolen

Edith Morrey, 111 North Palm Canyon drive, reported to police Wednesday the theft of \$10 from a cash register.

Safety Slogan

George L. Bond, transportation superintendent for the Palm Springs Unified School district, announced the school bus safety slogan for this week, the week of December 1, as follows:

"Never touch fallen wires." Each week Bond issues a safety slogan to the school youngsters in his charge. They memorize this and every seventh child leaving a school bus at his school, is asked for the "password."

It aids in making the youngsters safety-conscious, he said.

EMIG ELECTED CAPTAIN OF FLYING POLICEMEN

William J. Emig was elected president and Herbert W. Burns secretary of the Palm Springs Police Aero Squadron at the second organizational meeting held by the group Friday morning in Police Chief August G. Kettmann's office.

Emig is well known in desert aviation circles, having been a pilot for 20 years, and who is now serving as secretary of the Desert Flyers, local flying club.

PRESENT at the meeting were Chief Kettmann, Emig, Burns, Percy Whiteside, R. W. Peterson, Clarence Purnell and Russell Rink.

By-laws for the group will be adopted at the next meeting after which application for membership will be accepted. Peterson is chairman of the committee in charge of preparing the rules under which the new organization, third reserve unit of the police force, will operate.

Whiteside was named chairman of a committee on identification.

OFFICERS will be elected annually, the group decided. No membership fee will be charged. Purpose of the Aero Squadron will be to aid the Mounted Police in searching for and aiding in the rescue of lost and injured persons, and to provide an aerial arm for the police force which will aid the department in reconnaissance and in transportation of officers as the occasion may require.

THIS NEW GROUP will make the police department one of the most effective and complete law enforcement agencies in California. Only 15 other cities have an aerial arm, with several of these attached to the sheriff's department.

Active for several years in support of the regular police have been the Police Reserve and Mounted Police.

Next meeting for the Aero Squadron group will be at 11 a. m., Friday, December 12, in Chief Kettmann's office.

FREE CHEST X-RAYS TO BE GIVEN HERE 3 DAYS

Riverside County Tuberculosis Association free X-ray unit will be in the Village today, tomorrow and Wednesday. Villagers were reminded again Saturday by Roger Williams, area chairman for the county organization.

The unit will be at the high school, near the cafeteria all day today and at a downtown location tonight.

Tomorrow and Wednesday it will be stationed on Palm Canyon drive downtown. Hours are from 9 a. m. until noon and from 1 to 4 p. m. Tomorrow evening it will be available for free X-rays from 6 to 8 p. m.

CITY AND COUNTY health officials urged all to take advantage of the free tests.

Children from all schools will be at the high school today from 8:30 a. m. until 4 p. m. Schedule announced by Dr. A. G. Hoff, superintendent of the Unified School district, is as follows:

Thousand Palms and Nellie N. Coffman, 8:30 a. m.; Katherine Finch school, 9:15 a. m.; Frances S. Stevens school, 9:30 a. m.; Cahuilla, 9:45 a. m.; Cathedral

City school, 10 a. m.; Desert Hot Springs, 10:15 a. m.; St. Theresa' school, 10:30 a. m.; Palm Springs high school, 12:30 p. m., 2:30 to 4 p. m. All school employees and parents of pupils being X-rayed.

ELIZABETH PUKAS, school nurse, said that she had applied 20 Tuberculin Patch tests in October and that 0 showed positive reaction. "Positive reactors to the Tuberculin Patch test, their brothers and sisters, all known tuberculosis contacts, pupil school lunch workers, athletes, freshman and senior pupils are advised to have their chests X-rayed," Miss Pukas said.

"Every adult in the community should have a chest X-ray every year. In this way unknown cases of tuberculosis are discovered. This practice will insure protection of school children from exposure to tuberculosis and assure treatment for early discovered cases."

Building for Year to Date Tops 5 Million

14 New Homes Started Here During November

Building permits for 14 new dwellings, construction costing \$273,000, were the major item in building authorized during November by the city building department.

Forty-five permits were issued during the month for a total of \$375,050. This is an increase of \$62,686 over the same period last year, when permits were issued for construction costing \$312,364.

November permits brought the year's total to over the \$5-million mark, by \$103,229, but it still continues behind the total last year at this time when permits for \$5,598,305 were issued.

Other permits issued in November were:

Fourteen dwelling additions and alterations, \$13,950; 2 apartments, six units, \$26,000; 3 hotel additions, \$25,000; one new commercial building, \$9,000; 3 commercial building alterations, \$6,800; one trailer park addition, \$6,000; one trailer addition, \$300; 4 swimming pools, \$17,000.

Toy Library

Junior Welfare Plans Opening

Materializing like a child's dream, the Toy Library, which the Junior Welfare under direction of Welfare and Friendly Aid, is opening Saturday on the Frances Stevens school grounds, will be stocked with every kind of plaything from push-toys to bicycles.

The library will be open on Saturdays, from 10 a. m. to noon. A 25-cent deposit entitles a child to borrow toys for a week, and the following Saturday the toys may be returned for a new one.

A little girl may take Raggedy Ann home to live with her for a week, or a small boy can have a tricycle to ride for seven days. And . . . every week a child can borrow a new toy.

The Junior Welfare girls, under the direction of Helen Peterson, have been cleaning the library enthusiastically, making curtains, painting, and dressing dolls in preparation for the opening.

Open Door

Citation Issued for Lack of Caution

Damage estimated at \$350 was caused to the two vehicles involved when a car driven by Dorothy King Kelley, Hollywood, struck the open door of the parked car of Paul T. McMullen at 395 North Palm Canyon drive at 6:13 p. m. Friday.

McMullen was issued a citation for opening the door of his vehicle without due caution.

Damage to McMullen's car was estimated at \$200, and to Miss Kelly's car \$150.

Conventions

Bureau Managers to Meet in City

This is the first time the group will be meeting in Palm Springs.

Good Morning!

Here is the First Issue of the New Semi-Weekly Desert Sun and News

Good (Monday) morning! This is your first issue of the new semi-weekly Desert Sun and News which goes to all subscribers of both newspapers; an improved early-in-the-week newspaper with a completely fresh news and pictorial content. It is designed to better serve both readers and advertisers and, going to the combined subscription list of both papers, will have the largest circulation of any publication in the history of Palm Springs.

All subscribers of both newspapers will receive the paper every Monday and Thursday without any additional charge to the expiration of their present subscription. The rate for the semi-weekly will be \$6.00 a year in Riverside county—\$7.00 elsewhere in the U. S.—as it was three years ago when The Desert Sun was published as a semi-weekly.

Advertisers will find the Monday issue considerably more effective because of its greatly increased circulation and added reader interest. Advertising rates will remain the same for both issues—which means a DECREASE in the rate per inch per thousand circulation; the real unit of advertising value.

Subscriptions cannot be taken for one issue a week because the two lists have been consolidated and the system employed in the mailing department does not make it possible to eliminate one issue.

We hope—and believe—that our readers and advertisers will be greatly pleased with the new arrangement; and the management will welcome any comment. It is our desire to produce the best newspaper possible for Palm Springs and create an efficient and effective advertising medium for the business establishments of the Desert Area.

ANOTHER MILESTONE IN VILLAGE NEWS HISTORY

Today marks another milestone in the history of Palm Springs newspapers—the consolidation of the two oldest newspapers in the Village as The Desert Sun and Palm Springs News—to be issued twice a week on Mondays and Thursdays.

The Desert Sun, the pioneer in the regular newspaper field in Palm Springs was founded on August 5, 1927, by Carl Barkow and Harvey Johnson. It has been issued without interruption since that date and in August this year marked its 25th anniversary.

NEXT NEWSPAPER to be established here was the Palm Springs News which was first issued in October, 1935. It was a weekly published from late September to late April each year, suspending during the Summer months.

Founders were M. R. Medby, John Coleman Putnam and John Halverson.

Following this came the Lighthouse, established by John R. E. and Priscilla Chaffey in January, 1937.

THE NEWS became a casualty of World War II and did not appear in 1942. It was taken over by the Lighthouse and the papers became the Lighthouse-News. M. R. Medby had taken over the Lighthouse from the Chaffey's earlier that year.

The Lighthouse-News, after Medby sold out, went into various different hands until it was finally acquired slightly more than two years ago by Belmont Sanchez.

THE NEXT STEP was the acquisition of The News by The Desert Sun. For some time it was published as an independent newspaper. The Sun, which had been semi-weekly at the time, dropped its Monday edition and The News, published later in the week, was issued on Mondays by the same staff but as an entirely independent paper from The Sun, editorially and in policy.

Finally today, the newspapers are merged as one and revert to a semi-weekly.

MEANWHILE, The Desert Sun was progressing steadily. Barkow bought out Johnson's interests in the 30s and in 1946, Oliver B. Jaynes acquired an interest in the newspaper. In 1947, Jaynes became the sole owner.

In 1948 The Sun moved into its modern new plant in The Center, with equipment designed to put out the best newspaper possible.

EARLIER THIS YEAR, Ward J. Risvold became a partner in the Palm Springs Publishing company, publishers of The Sun and News and general manager of the two newspapers.

The owners of The Desert Sun and News have announced their policy of continuing to put every effort into making the newspaper a true mirror of the Village and to work for the best interests of Palm Springs.

Cost of New Plan Figured at \$200,000

Architect Bell Believes Project Self Sustaining

Cost of a new municipal, 18-hole golf course—exclusive of land purchase—will be approximately \$200,000.

This was reported to City Manager Russell Rink by Billy Bell, Jr., golf course architect, who was employed by the city to conduct a preliminary survey on cost and site.

Next step in the securing of a new course here will be the hiring of Bell, who is associated with his father, to prepare more detailed plans which would be adaptable to the sites under consideration.

THIS WOULD also enable a more accurate cost estimate, Rink said. It is possible that the employment of Bell on this more detailed basis will be proposed to council at its next meeting Wednesday evening, December 3. Bell is expected to visit this city again this week.

In his preliminary survey of the golf course construction, Bell said that he found that a new course could be self-sustaining once it was constructed.

COUNCIL HAS SAID in the past that the final decision as to construction of a municipal course will be left up to the people, in the form of a bond issue. First possible chance for this to come up would be in April, Rink reported. This would be in the form of a special election, if held then, as no regular election is scheduled.

Campaign for a new course is being led by the Hotel and Apartment House association, which petitioned council to start action this Fall after it had been under consideration by the park committee for two years without any definite recommendation.

THE ASSOCIATION has listed this project as its main objective for next year, according to President Ed Davidson, Rossmore hotel manager.

Arthur Meyer, chairman of the group's municipal golf course committee, after a study reported that it is vitally needed to attract visitors who cannot afford membership in private courses.

Approval of a new golf course has also been given by the Junior Chamber of Commerce.

Pad is Taken

Theft of a chaise lounge pad valued at \$8 was reported to police Friday morning by Sophie August, 435 Avenida Olancha.

The PUBLISHER'S Corner

VILLAGERS' EYES WERE POPPING yesterday afternoon when they were given the first glimpse of the lavish interiors of the new El Mirador Hotel. So beautiful, so modern, so changed . . . the miracle of reconstruction is almost beyond belief. It is being acclaimed as America's most beautiful resort hotel. It has been so completely re-done inside and out that only the tower which became a symbol of resort luxury seems the same. No attempt will be made to describe it here; one must see it with their own eyes to understand and appreciate its beauty and gay mood.

Just as its first opening back in 1929 ushered in a new era so does this occasion of the reopening of El Mirador mark the dawn of another era in the development of this growing desert resort empire. It fills a void that has been felt for many years despite all the growth this community has enjoyed. It is a tremendous asset to Palm Springs and will contribute greatly to the prosperity of the whole desert resort area.

It is indeed fortunate that such men as Roy Fitzgerald, William Reichel and Ed Houghton became interested in rebuilding El Mirador. They and their associates have done a magnificent job. They have demonstrated in a convincing way their confidence in the continued growth of Palm Springs and vicinity, and have done much to stimulate development here by providing this truly luxurious hotel and its elaborate facilities.

The Desert Sun will salute El Mirador with a special supplement to be published in about two weeks. Readers can help to spread the fame of Palm Springs by mailing the issue in which this supplement will appear to their friends and relatives in all parts of the country. See order blank on page 5 today.

We know that this newspaper expresses the pride which the entire community takes in the new El Mirador. We join the Villagers in complimenting the new owners on the remarkable job they have done and wishing them a full measure of success in the years ahead.

Recommend New Speed Control Plan

State Engineer Urges 45-Mile Limits on 111

Loren Moore, district traffic engineer for the division of highways, San Bernardino, advised Chief A. G. Kettmann that transitional speed zones of 45 miles per hour will be recommended on north and south ends of Highway 111 entering Palm Springs. The recommendation follows a survey requested recently by the City of Palm Springs in order to reduce speed and better control traffic on the approaches to the Village. On the north, starting at approximately the intersection of Vista de Chino, a 45 mile zone will run for approximately 1200 feet. Incoming motorists will reduce their speed through 45, 35 and 25 mile zones progressively as they reach the heart of the city.

On the south, a new 45 mile zone will start approximately at Calle Palo Fierro and the golf driving range, and run 2000 feet to the intersection of Deep Well Ranch road. Motorists entering from the south will also reduce their speed through the 45, 35 and 25 mile zones.

Palm Desert Rotarians to Take Driver Reaction Tests

Palm Desert Rotarians will have an opportunity to learn how fast their reactions are on the testing device which will be at the December 5 meeting of the club at the Shadow Mountain. The test is co-sponsored by the California Association of Insurance Agents and the National Automobile club. Arrangements were made by the program chairman, L. C. Lewis, of Cathedral City.

The test will record how long it takes a driver, after seeing a hazard, to remove his foot from the accelerator to the brake pedal. The equipment is comparable to that of a conventional automobile, with steering wheel, brake pedal and gas pedal. Directly in front of the driver is a panel where lights are changed from green to red, and the driver reacts as the lights change.

REACTION TIME is based on the speed with which the driver can remove his foot from the gas pedal to the brakes. The machine automatically records the reaction time in periods from 1/4 of a second to a full second. This equipment is geared for the average reaction time of 1/2 of a second.

According to Robert W. Jack-

son, director of public relations and public safety, for the National Automobile club, the 1/2 reaction time would mean that a motorist driving at 30 m.p.h. would travel 22 feet before hitting the brake pedal and then would travel an additional 49 1/2 feet after braking; which gives a total stopping distance of 71 1/2 feet.

WITH THE SAME reaction time and doubling the speed to 60 m.p.h., it would take 44 feet to hit the brakes and an additional 19 feet after braking, with a total stopping distance of 242 feet. Thus by just doubling the speed from 30 to 60 m.p.h., with the same reaction time, the stopping distance has been tripled.

Upon completion, the driver will be given a card recording the speed of his reactions, as well as a complete chart which indicates the distance requirements for stopping at various speeds.

The Reactometer has been used in schools and public safety meetings throughout the State of California, in collaboration with the California Highway Patrol, Department of Education, National Safety Council and local enforcement agencies.

Lewis invited Palm Springs Rotarians to "come on over and see how good they are."

Every now and then this column gets on the subject of reckless driving and speeding on Highway 111. Almost hesitate to do it again 'cause the very day the last story appeared in print a girl was fatally injured right in front of the Rancho Mirage post office. I believe that was the third in that same spot. The girl's body was shipped back to Mexico, the driver exonerated, the authorities tell us this corner hasn't sufficient buildings within a given distance to warrant a cross walk, also that we imagine the cars were speeding past. This is all swell but the past few days cars have been zooming past the same post office closer to 70 or 80 m.p.h. than 50, passing on either side on a two lane highway. Don't like to digress so much on the subject but after all, death is very permanent.

As long as we're on the subject let's consider the county roads too. Since Tamarisk and Thunderbird Country clubs have come into being we have more problems. The narrow wagon track roads of a year ago are now important county roads leading to the entrances of the two famous golf clubs, specifically Avenue 40 and Kersten road, a year ago 20 vehicles would be considered heavy traffic, now there's a parade of '52 Cadillacs along them. The point is, the ranches are bordered with oleanders, making blind corners, not to mention a few dead-end streets like the Veldt in Rancho Mirage where it runs into Del Sol road.

There's two things we can do, trim the oleanders, and the county state with the county road superintendent, Keith, and give the necessary easements to widen the roads to 60 feet. Mr. Keith has expressed a desire to help with Avenue 40 and even continue it on beyond Percy Whiteside's ranch at Del Sol road.

Just in passing, Hank Gogerty suggests we get together and change the name of Avenue 40 to Thunderbird avenue, and Avenue 3 to Tamarisk avenue. Think he has something there since both roads pass the main entrances to the clubs and will eventually continue on through to Highway 99.

THERE IS CURE FOR THE ASTHMATIC

NOTHING IN THE WORLD IS SO BENEFICIAL to the asthmatic sufferer as the help the psychotherapist can give. A tense respiratory system undelies all asthmatic suffering and freedom from neuro-muscular tension is basic to successful psychotherapeutic work.

The asthmatic sufferer can be taught to remove all tension himself — and also to raise body temperature a few fractions of a degree to keep the blood vessels from contracting. By such and similar self-help asthma can be overcome permanently.

Desert Golf

By JIMMY HINES
of Thunderbird

This being written on Thanksgiving day I had better hustle and jot down last week's events before the aroma of turkey completely fogs my senses. Most important to golf in the Valley this past week has been a couple of meetings by representatives of the four golf courses effecting a coordination of events and policies, etc. Present at the meetings were: Ed Vines, newly elected professional at the Cochran Ranch course in Indio; Roger Pettit and Mrs. Tartar; Ben Shearer and Fred Ingram from O'Donnell; Representing Tamarisk Country Club were M. O. Anderson, Ben Hogan and Manager, Mr. Denney; From Thunderbird were President, John Dawson, Norm Waters, Tournament Chairman, Milt Hicks and myself. The first meeting was over lunch at Thunderbird and amongst the many problems discussed it was resolved to conform to a pattern of consistency in regards to green fees, caddy fees, etc. It was also decided that in our efforts to promote golf in this area we would not become so enthusiastic as to overlap each other's events. In other words, we would coordinate our programs through the season to avoid scheduling our tournaments during the same week. In that way we will have a smooth, unbroken interest in golf maintained through the season. The fact that a meeting of this sort was considered necessary clearly indicates that the rapid development of golf and its activities is assuming a more and more important position in this desert playground.

One of the newcomers, Ricky Ricardo—I mean Dezi Arnez—is the kind of pupil a professional likes to get. He apparently has thought about it and decided to approach this game in a practical manner. He takes his lesson—from Helen Dettweiler—and then works hard following up his lesson. The other day I observed him quietly watching Dean Martin, Randy Scott and Ralph Kiner smacking balls on the practice tee with the ease and grace of veterans and I'm sure I saw a determined look in his eye. It will be just a question of time for a when he shows a willingness a teacher will double his efforts to help him into the low handicap bracket. There is no greater feeling of satisfaction than to improve your golf game unless it is the feeling of satisfaction of the teacher who helped you.

The Thanksgiving Holiday brought us some welcome visitors. Mr. and Mrs. Kent Hayes of Oklahoma City came to eat their turkey with us. Mr. Hayes is President of the Oklahoma City Country Club where the 1953 National Amateur will be held. Mr. and Mrs. H. G. Hill of San Francisco will test Thunderbird's golf course and coffee this week. Mr. and Mrs. L. L. Oakes of Chicago who spent so many of their winters at Chandler, Arizona have settled down with us in their new cottage on the club grounds. Dan Topping, part owner of the very successful New York Yankees dropped in yesterday. He asked me if the weather was warmer here or in Phoenix during the winter months. Now, what do you suppose I told him. I have had that argument before and I was well prepared because I have taken the pains to carefully watch the temperatures. I shall eat the thermometer if its is not several degrees warmer here. I know Mrs. Bligh of Thunderbird who has just completed her very unique house in time for the arrival of her husband and Thanksgiving feels that way also. You see, her swimming pool extends into the living room and has everyone playing the eighth hole trying to get a glimpse of this very unusual arrangement that we like to feel could be done only in Palm Springs.

Golf tip of the week: Now that I have spoken so highly of practice being good for the game I must add this: unsupervised practice can grove a fault just as easily as proper practice can grove a good swing. Be certain that what you are practicing is sound to avoid the painful labor of undoing. That discourages and discouragement is one of the things we must combat in this game as it is most difficult for teacher and pupil. Confidence is what we strive for. Even the president of the United States will have to be told now and then some of the simple fundamentals to keep him from hooking or slicing.

NOTED DESIGNER—Dress Designer DeDe Johnson whose label appears in casual clothes so popular with women all over the country, spent last week in the Village, a guest at the Racquet Club.

Dede Johnson, Noted Dress Designer, at Racquet Club

Every woman knows Dede Johnson and owns, or would like to own, a Dede Johnson dress! If you have a casual, undated dress that is the mainstay of your wardrobe it is pretty likely to bear a Dede Johnson label. Tall gals, particularly, remember her name and call it blessed because she has given them smart, well-cut clothes that are tailored but feminine.

The noted designer and manufacturer and her husband, Harold Kronthal, have been staying at the Racquet club, leaving Saturday to fly to Chicago where she will show her new collection of 65 models including suits, dresses and coats. Kronthal, a textile man, works with his wife, selecting and buying materials.

Slim and youthful, with gorgeous white hair and a tanned complexion, the talented designer gestured animatedly as she answered questions about her clothes. She said she has found it important to study how people live and give the women what they want. A devotee of Palm Springs, she advocates simple clothes of the type so popular in the Village.

For her line of dresses, she imports fabrics from Italy, Ireland, France, Switzerland and Japan. Her linens are yarn-dyed in Ireland and her silks come from Como, Italy. A new fabric she likes very much is a double weave cotton from France and another is a silk tweed. One thing she does not use is prints as the stitching and detail work for which her garments are noted would be lost on a figured background.

Since red is her favorite color, DeDe always includes at least one red dress in her collection, but chooses a soft, wearable red. "Color," she said, "is a morale lifter." Black and brown are becoming passe even in the east, she said, and women all over the country like the California style of casual clothes. Maybe it is because of Mamie, but blue is good in almost any shade.

Asked about that feminine bugaboo, skirt lengths, she admitted that the trend is toward longer skirts but added, "I see no reason why any woman should wear unbecoming clothes... and each should choose the length becoming to her." She, herself, wears straight skirts, 14 inches from the floor.

Peggy Castle wears DeDe Johnson dresses in the Columbia film "Invasion USA" which was previewed this past week, as does Gail Storm in her TV show with Charles Farrell, "My Little Margie." With the exception of the bathing suits, DeDe designed Esther Williams' clothes for her tour and Gussie Moran's (but not the famous lace-trimmed panties).

DeDe's mother was in the wardrobe at MGM studios for many years and perhaps it was out of this that the girl became clothes conscious. She remembers designing her own clothes and basting or pinning them on to wear to parties. Later she did some modeling and worked for Corinne of Hollywood. Hats fascinated her for a time and she whipped up a few just for fun. Then she went on the road, modeling and selling for Luke Cornhandler, one of the pioneers in the garment industry. She has a flair for costuming and added some plaid-lined hoods and other gay touches to resort wear clothes. She started her own line 10 years ago.

Today she expresses her talent in sketching the designs for her world-famous clothes, drapes some of the high fashion models herself and stages what she calls "trunk shows" of her new collections.

A member of Fashion Guild, she has won a number of awards for her uniquely smart styling of casual clothes that has made DeDe Johnson a name to be reckoned with in the fashion world.

Thanksgiving Dinner at Thunderbird

Mr. and Mrs. William Reichel, of Oakland and Rancho Mirage, and Mr. and Mrs. E. C. Houghton, co-hosted a dinner party of 14 at the Thunderbird Thanksgiving evening. Preceding the dinner was a cocktail party at Rancho Mirage.

Thunderbird's unique menus portrayed the club's Thunderbird looking at the Thanksgiving turkey, poised in a palm tree. Chrysanthemums centered the tables, where individual turkeys were carved.

Guests included a number from Chicago who are here for the opening of El Mirador. In the guest list were E. Roy Fitzgerald, president of the National Hotel Enterprises, Mr. and Mrs. William Groves and Ray Ryan, all of Chicago; Mr. and Mrs. Sir-nex Collins of Oakland; Mr. and Mrs. Gray Hills of San Francisco; Mr. and Mrs. Frank Blasey of Los Angeles.

Among other Thanksgiving parties noted at the Thunderbird were Desi Arnez and Lucille Ball and their families.

Stewart Weiss Home Scene of Holiday Dinner

Pansies and a tiered dish of
fruit decorated the Thanksgiv-
ing table at the home of Mr.
and Mrs. Stewart Weiss at 1319
South Calle Marcus when they
entertained a party of 12.

Dinner guests included Mr.
and Mrs. John Koerner of Red-
ding, who are visiting in the
Weiss home, Mr. and Mrs. Roy
Simmons, and Mr. and Mrs.
Keith Brown of Salem, Oregon;
Mr. and Mrs. William Grant and
Mr. and Mrs. Herb Brown of the
Village.

Artist Graves Redecorates Andrea Shop

One of the Village's most in-
teresting and unusual shops, An-
drea of Palm Springs, has re-
cently undergone a face-lifting
with the assistance of the artist
O. E. Graves.

Located in the lobby of How-
ard Manor, the shop is the brain-
child of Andrea Leeds Howard,
wife of Bob "Manor" Howard and
former film actress.

The showcases of the little
shops are stocked with rare
treasures, everything from an
amusing ceramic menagerie to
hand-carved Swiss music boxes
that tinkle at a touch.

Featured are intricately de-
signed, hand-fashioned jewelry
by Ruser and shelves of Angora
and Cashmere goods embellished
glitteringly and fashionably by
Andrea herself. Selected with
discrimination, the gifts are
unique, exclusive and befitting
special occasions.

Assisting Andrea with the shop
this year is Dona Mikule, well-
known in the Village, where she
was formerly associated with
City Attorney Roy Colegate and,
more recently, with the school
department.

**Cotillions to be
Held Week Later**

The Matinee Junior and Sen-
ior Cotillions, originally sched-
uled for November 29 at the
Palm Village school, have been
held over until December 6, due
to conflicting activities.

A series of 10 parties have
been planned for the season and
one highly successful affair has
been held already.

Mrs. T. R. Gollatz, who is di-
recting the Cotillions, said that
a few memberships are still
open. Those interested should
contact Patronesses Mrs. Robert
Levin, Mrs. Herman Reich or
Mrs. Marguerite McCarthy.

VFW Auxiliary Maps Plan for Turkey Dinner

Plans for their annual Christ-
mas turkey dinner will be com-
pleted Wednesday night when
the VFW Auxiliary, Frontier
Post 5987, holds its regular busi-
ness meeting at 8 p. m. at the
home of Mrs. C. H. Martinsen
at 335 North Calle Encilla. Pres-
ident Marion Benzing will pre-
side at the meeting.

The turkey dinner will be
served December 14 at the Town
Hall in Cathedral City, from 3-8
p. m. It is a benefit for relief
of disabled veterans and their
families.

Mothers, sisters, wives and
daughters of veterans who have
served overseas are eligible to
join the VFW Auxiliary, which
is currently conducting a drive
for members.

Notes from the Library

YET OTHER WATERS, a novel by James T. Farrell. A story of literary life in the "confused thirties" when writers as well as other people were having their bout with the "intellectual measles" of Communism. This is the final volume in the Bernard Carr trilogy.

USHANT by Conrad Aiken. A subjective autobiography somewhat in the dreamy, stream-of-consciousness style of Marcel Proust and James Joyce. For the esoteric, "Values, values," writes Mr. Aiken, "how wrong one must be about them, to begin with, or was it that one had to go through the more precious and ultra-violet mistakes, in the course of one's misguided climb

INDIANS WIN ANOTHER, TRIM SAN JACINTO, 7-0

Palm Springs Indians continued their low scoring Wednesday night, but the lone touchdown they pushed across was good for their second win of the season, 7 to 0 over San Jacinto.

The win gave Coach Clare Ballagh's team undisputed possession of seventh place, and shoved San Jac into the cellar.

ALTHOUGH THE INDIANS only scored three touchdowns during the entire season, two of these accounted for two wins as the defensive team held Elsinore and San Jacinto scoreless in the last two games of the season.

Lone touchdown in the game Wednesday night was scored by Rudy Martinez, who drove across from the three to climax a 60-yard march. John Laster added the extra point.

Barry Purnell, Alvin Harrison and Martinez took turns in moving the ball to the Tiger 32, and then a pass from Harrison to Charles Driskell placed it on the six. Martinez drove to the

three, and on the next play carried it over.

TWO INDIAN DRIVES in the first half were stopped by the Tigers on their five and 14-yard lines.

In the third period the San Jacinto team started a drive of its own, moving from their 32 to the Indian 13, where the Palm Springs defense stiffened and the Tigers lost the ball on downs.

The Indians lost a chance to move in on a tie for sixth place when Parris defeated Elsinore 20 to 6.

Suspect in Check Case Faces Trial

Earl Edward Lucas, 41, Mill Valley, admitted all allegations of passing "bad checks" at arraignment before Judge Eugene Theriault and was bound over for trial in superior court in Riverside.

Lucas is charged with passing 12 "bad checks" drawn on the Bank of America branch at Mill Valley at the Richfield Service Station at 610 North Riverside between October 23 and November 3. Holds have been placed on similar charges by the police departments of Los Angeles, Fresno and San Diego.

He was arrested in Phoenix, Arizona, and was returned here by Officer Robert White, who investigated the case.

AT EL MIRADOR—Carl Schroeder, swimming and diving instructor, who will be at El Mirador's famous pool this season.

Noted Aquatic Star Engaged by El Mirador Hotel

Sunbathers lounging around the Olympic-sized swimming pool at the new El Mirador hotel, are in for quite a treat when swimming and diving instructor Carl Schroeder goes into action off one of the high boards.

Twenty-nine-year-old, Cincinnati-born Schroeder is an aquasensation. He's been a water-baby since the age of one when he learned to swim—and has kept improving consistently ever since.

While attending Miami Beach high school a few years back, he won the coveted Florida State Diving Championship—and from there went north to land the Tri-State board championship of Ohio, Indiana and Kentucky.

Before coming to the El Mirador in Palm Springs, Schroeder had been swimmer at the University of California, Berkeley, and at the University of Florida. He is a member of the U.S. National Diving Team.

Among his many famous splash-or-sink pupils are Bonita Granville, Paulette Goddard and Zsa Zsa Gabor. In celebrity-filled El Mirador he's certain to instruct many more.

Ducks Moving Into Southland

An influx of northern ducks has developed as anticipated, hunting headquarters reported last week.

The hunting situation is improving and it is believed that hunters will have better luck finding birds this weekend than any time since the opening of the season.

Quail Hunting Generally Good

Quail hunters found the shooting generally good in several local areas during the first days of the season, it was reported Friday.

Best results were achieved by hunters hunting the following areas: Kelso Valley, Jawbone Canyon, Coachella Valley, Blythe, Imperial Valley and the areas around Hemet, Mojave, Taft and Porterville.

Pheasant Hunting Said Fair to Good

Results of the opening week of pheasant hunting in the southland ranged from fair to good, the Outing Bureau of the Automobile Club of Southern California said Friday.

Areas producing the best results were: Imperial Valley, Buena Vista Lake district, Lancaster, Perris and the area from Independence to Bishop.

Seattle Suspect Held in Village

Police are holding Jack Vernon Doolittle, alias Michael O'Hara, 30, of Seattle, Washington, who is wanted by the Seattle police department for grand larceny of two diamond rings owned by Ed A. Hulett of Seattle.

Ballagh Facing Another Building Job in Basketball

Varsity eagles will report for their first practice of the season tonight, with Coach Clare Ballagh facing with a building job as no lettermen from last season's team are returning.

Eleven players are slated to be at the initial session, with more expected during the week. Scheduled to report are Gerald Egbert, Larry Colton, Doug Smith, David Zirinsky, John Laster, Kenny Price, Harold Smith, Ray Debris, Don Rasmussen, Alvin Harrison and James Laster.

Egbert and Colton were members of last year's Varsity squad, although not letter winners, and Smith, Zirinsky and Laster earned Jaycee letters.

Bee and Cee squad eagles, who started practice last week, will play in the annual tournament at Hemet Tuesday, with further play depending on how they do in their opening games.

The Bees meet Beaumont at 4 p. m., and the Cees play the Cougars squad at 5 p. m.

Gun-Totin' Grandma Sought Here But Clue Fails to Click

Grandma was in town Thursday, but after a careful check police decided that it wasn't "Los Angeles' Funk-robbin' grandma."

A report came into police that a guest registered at one of the local hostels, who greatly resembled the drawing which appeared in the Los Angeles papers.

Officers investigated, and found that the lady in question checked clear with her registration at the hotel and with the auto registration. They submitted their report to Los Angeles police, who may conduct a further check.

Investigating officers, "after seeing the lady, commented that there is a resemblance between her and the drawing."

The Los Angeles "Bank-robbin' grandma" robbed her third bank Wednesday, collecting \$257 from the cashier at the Citizens National Trust and Savings Bank.

Officers investigated, and found that the lady in question checked clear with her registration at the hotel and with the auto registration. They submitted their report to Los Angeles police, who may conduct a further check.
